[Realtek RTL881xAU] Wireless

AC USB Adapter

Prior to installing this device, ensure that your operating system is up to date (for example, you have installed the most recent service pack).

To install the driver:

1. Right-click the zip folder that you downloaded, select **Extract All**, and follow the on-screen instructions.

2. Select the appropriate folder for your operating system.

3. Right-click **Setup.exe.**

4. Click **Run as Administrator**.

Note: If the **Run as Administrator** option is not available, you might be attempting to run the installer from within the zipped file. Extract the files using the instructions in Step 1.

5. Follow the on-screen prompts to install the device drivers and restart the computer when prompted.

6. Your computer will automatically complete the driver installation and your device should be ready to use.
